CLUB MEETN FRIDAY NITE

CLUB MEETING

TIME : 8:00 PM JULY 1, 1955
PLACE :---Woodlawn Lake Clubhouse
(Just west of Zarzamora)

TRANSMITTER HUNT

Johnny, LVE, hid the last time at BE's so the boys could put his put-put on his trailer and get it in running order. (pretty neat, eh ?) Fran, KQG, was forty minutes behind the other hunters, but had 5/10 of a mile less, so she has the honor of hiding this week. Can't be too long a hunt, or too far, since she only has 2½ watts. Let's ALL come out and hunt. Meet at south end Olmos Park at 1:30, July 3rd. Want a picnic ? Sure !

FIELD DAY

W5SC should well be proud of the faithful operators who helped to make field day a success. In behalf of the club, the editors wish to thank everyone who participated. Some of the stations racked up good scores. Will have a tabulation of scores as soon as available, for future issue.

GUTTER SWEEPINS

Howard, ROE, celebrating his birthday on June 23rd----Jimmy Rives, W5JC, the proud father of a son--J.B.
